

SUPPORT THE CLARINDA FOUNDATION'S SHARE WITH CLARINDA FUND

The Clarinda Foundation awards annual grants from the Share with Clarinda Fund to support significant projects within the community that can have a positive lasting impact on you and/or your family.

By making a contribution to the Share with Clarinda Fund you are ensuring the quality of life for those living in or visiting the greater Clarinda area for today and many years to come.

You can contribute once or as many times as you would like, no matter how small or large your contribution may be.

With a contribution to the Share with Clarinda Fund you have the opportunity to have a vested interest in the community.

The CARES Act included a new charitable deduction of up to \$300 which you can claim whether you itemize deductions or not. This “above-the-line” deduction not only reduces your federal tax but will reduce your state tax as well.

Most of us don't give to charity exclusively for the income tax benefits, but sparing yourself some income tax may give you the ability to contribute more money to the Share with Clarinda Fund or your favorite charitable fund held with the Clarinda Foundation.

Please consider making a contribution to the Clarinda Foundation's Share with Clarinda Fund.

All contributions made to the Clarinda Foundation are tax deductible to the extent of the law. We value our donors and their feedback, and encourage you to visit with us regarding any questions you may have. The form below will assist you in making your donation or you may go to our website www.clarindafoundation.com where you can make a secure donation (informational sheet enclosed within this mailing).
